Dear Roni:

On behalf of the Villas I Condominium Association of Lighthouse Bay consider this communication to be a letter of recommendation that you may include in any future proposal or reference package.

During the month of September of this year your firm contracted with the Villas I Condominium Association to do the exterior painting of the 23 buildings comprising our association. You provided us with a thorough and competitive painting bid including clearly identified work specifications, proper advance painting notice to the residents, and timely and punctual work.

You adhered to the agreed time schedule, thoroughly prepared the exterior surfaces for painting, and performed your work in a most professional and quality manner.

Speaking for our Villas I Board we feel that we received very good value for the amount of resources we expended in this endeavor.

I would highly recommend your firm to others and will be happy to provide you with an excellent reference for future work.

Respectfully,

Phil Douglas
Board President
Villas I Condominium Association
